REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary Dated April 24, 2006: "This claim has been reimbursed; however, it was not processed according to the Acute Care Hospital Fee Guidelines set forth by the TWCC. Please review this information and reprocess this claim. Explanation: Stop Loss is an independent methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services. This methodology shall be used in place of and not in addition to the per diem based reimbursement system. Per TWCC guidelines, charges greater than \$40,000 are to be paid at 75% of billed charges. **In the case of carve-outs identified by revenue codes, the whole bill is paid according to the stop-loss provision if the threshold is reached. Therefore, there will be no overlap between carve-outs identified by pharmacy carve outs and carve outs identified by revenue codes and stop-loss, allowing analysis of each factor. (ACIHG 134.401).**"

Amount in Dispute: \$80,601.38

RESPONDENT'S POSITION SUMMARY

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 27 *Texas Register* 12282, applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
3. 28 Texas Administrative Code §134.1, 27 *Texas Register* 4047, effective May 16, 2002, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- W10 – No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology
- W10 – Payment reduced according to fair and reasonable
- W4 – No additional reimbursement allowed after review of appeal/reconsideration
- B15 – Payment adjusted because this procedure/service is not paid separately
- 96 – Non-covered charges(s)

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection..." 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states "...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." Furthermore, (A) (v) of that same section states "...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed..." Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$132,258.84. The division concludes that the total audited charges exceed \$40,000.
2. The requestor in its original position statement asserts that "This claim has been reimbursed; however, it was not processed according to the Acute Care Hospital Fee Guidelines set forth by the TWCC. Please review this information and reprocess this claim. Explanation: ... This methodology shall be used in place of and not in addition to the per diem based reimbursement system. Per TWCC guidelines, charges greater than \$40,000

are to be paid at 75% of billed charges.” In its position statement, the requestor presupposes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 rendered judgment to the contrary. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services.” The requestor failed to discuss or demonstrate the particulars of the admission in dispute that constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 TAC §134.401(c)(6).

3. In regards to whether the services were unusually costly, the requestor presupposes that because the bill exceeds \$40,000, the stop loss method of payment should apply. The third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must **demonstrate** that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor failed to discuss or demonstrate that the particulars of the admission in dispute constitute unusually costly services; therefore, the division finds that the requestor failed to meet 28 TAC §134.401(c)(6).
4. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
 - Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers’ Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” Review of the submitted documentation finds that the length of stay for this admission was 15 surgical days and 5 ICU/CCU; therefore the standard per diem amounts of \$1,118.00 and \$1,560.00 apply respectively. The per diem rates multiplied by the allowable days result in a total allowable amount of \$24,570.00.
 - 28 Texas Administrative Code §134.401(c)(4)(B) allows that “When medically necessary the following services indicated by revenue codes shall be reimbursed at a fair and reasonable rate: (iv) Blood (revenue codes 380-399).” A review of the submitted hospital bill finds that the requestor billed \$514.00 for revenue code 390 – Blood/Stor-Proc. 28 Texas Administrative Code §133.307(g)(3)(D), requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that the requestor does not demonstrate or justify that the amount sought for revenue codes 390 would be a fair and reasonable rate of reimbursement. Additional payment cannot be recommended.
 - Review of the medical documentation provided finds that although the requestor billed items under revenue code 278, no invoices were found to support the cost of the implantables billed. For that reason, no additional reimbursement is recommended.

The division concludes that the total allowable for this admission is \$24,570.00. The respondent issued payment in the amount of \$18,592.75. Based upon the documentation submitted, additional reimbursement in the amount of \$5,977.25 is recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to discuss and demonstrate that the disputed inpatient hospital admission involved unusually extensive, and unusually costly services. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The division hereby ORDERS the respondent to remit to the requestor the amount of \$5,977.25 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this Order.
